- Students should have a bottle of water/fruit juice, hand napkins etc... near them to avoid movement during online Assessment.
- In case a student is not able to attend the online Assessment due to unavoidable circumstances, Parents must inform the Class Teacher/school authorities well in advance (at least 1 week before).

- In case of any network disruption/technical challenges during the Examination, please inform the class teacher immediately through CMS or you can call on +974-50308793/+974-44994858.

**The purpose of these assessments is to help our teachers identify emerging skills within the students and work with our parents to develop complementary skills in the most supportive manner to establish a joyful and enriching learning experience for the students.**

We truly believe that Parents are our first partners in this process, and we seek your active support and cooperation to ensure we are able to conduct an inclusive and collaborative KG Assessment process.

Best regards,

Listen. Learn. Lead.
